Bid specification must include the removal and disposal of lighting fixtures being replaced. The project is to begin in **DECEMBER, 2018**.

AUDITORIUM SITE MAINTENANCE. The contractor shall be solely responsible for cleaning the auditorium space after the completion of all installation work and properly disposing of all associated debris that was involved in this work, including removal and offsite disposal of all stage lighting fixtures, hardware and its accessories begin replaced.

BIDDING PROCEDURES. The contractor shall submit a total price for the complete stage lighting replacement as specified.

This project does not require prevailing wages for the successful contractor's workers.

The contractor shall submit the maximum number of calendar days it will need to complete this project **in sealed bid documentation as well as projected calendar of work days**. It is the desire of Richmond Community Schools to complete this project during the time period from **December 1, 2018** and **January 31, 2019**. The contractor shall indicate if it is able to complete this project within this time period, and if not, indicate its alternative starting and ending project dates. Failure to complete this project by the successful contractor's stated ending date shall subject the success contractor to liquidated damages of \$100 per calendar day for this delay.

Richmond Community Schools reserves the right to accept or reject any or all bids and to waive any irregularities in the process, which, in the opinion of Richmond Community Schools, will result in producing the best interest to Richmond Community Schools.

The facility will be open for contractor inspection from 9:00am to 10:00am on Friday, October 26, 2018 in the Richmond High School Auditorium.

All bids must be received by 3:00pm on Thursday, November 1, 2018 in a sealed package addressed as follow:

Auditorium Stage Lighting and Sound Equipment Bid
