

FOUND OBJECT COLOR WHEEL ART

Assignment:

Using found objects that exist in your home to create a color wheel spectrum. At least 2-3 objects per color.

Arrange in a way where the color changes follow the order in the color wheel.

Option 1- Pick a variety of different items for your color wheel.

Option 2- Pick objects that are the same (for example- all socks, all food, all stuff animals, ect.)

Lay objects on the table, the floor, ect.- plain background.

If you can take a picture, do so in bird's eye view (looking down at it).

Option 1- Email the picture to Mrs. G

Option 2- Put image up on schoology

(The image of the found object color was done by Mrs.G's two boys)
